GOULD IN COURT IN PERJURY CASE

(Continued From First Page.)

"It is an error to say I am a dressmaker. I have been sewing much for Mrs. Teal's apartments, but it was on my own time. Mrs. Teal and I are old friends. Is there anything unusual in my calling on her frequently? Mr. Mousley, however, I knew but a short time—only about a week before my arrest."

Miss Fleming said she had been a saleswoman in this city previous to 1906 and had met Frank J. Gould often in a business way. She would not tell when or where, under advice of her counsel. She doubted, however, if Mr. Gould would remember her.

NERVY ROBBER FAILS

Does Not Succeed in Holding Up St. Paul Train.

APPLETON, WIS., July 24.—A nervy robber tried to hold up the Appleton-St. Paul northbound train on the Chicago and Northwestern Railroad yesterday near Appleton Junction, a mile north of here.

The train had just passed the junction when a masked man climbed over the tender into the cab of the engine from the platform of the blind baggage where he had been hiding.

Revolver in hand, he commanded Louis Wandell, driver of the locomotive, to stop the train, uncouple his engine and run up the track a short distance. Wandell, covered as he was by the man's revolver, was about to comply when Gustave Pahl, his fireman, hit the highwayman on the head with his coat, knocking the revolver from his hand. Pahl was swinging the scoop for another blow when the man jumped from the doorway of the cab while the train was running twenty miles an hour.

It is the theory of trainmen here that there was a large sum of gold on the train from Chicago to St. Paul, and that it was this treasure the man was after.

A posse is searching for the highwayman.

PARLAGIY SAYS ADIEU.

With Swollen Face, Princess Goes, But She Will Return.

NEW YORK, July 24.—Accompanied by two alligators, three dogs, two parrots, several birds, seven servants and wearing a Paris costume of pink satin, with an enormous hat, surmounted by a towering plume, Princess Lloydt Parlagiy, of Paris, Nice, Hungary and the United States, took temporary leave of America yesterday, and as the Deutschland, of the Hamburg-American line, left for Hamburg, waved over the rail an American flag crossed with the emblem of Hungary.

"I am coming back," she said before her departure. "In October I am coming back," she continued, "and I will then paint the portrait of Mr. Taft. It will be hung in the National Museum at Washington, a gift from me. After that I shall paint the portrait of Cardinal Gibbons for the Vatican. I will then go to Philadelphia, where I intend to paint a picture that will be purchased by either the city or some rich man. I will then go to the National Academy of Art, where I shall intend to devote to the poor of Philadelphia."

Princess Parlagiy announced further that on her return to New York, she will make a tour of the United States in a private car. She went aboard the Deutschland yesterday evening to avoid the noise of the city. She explained, disturbed her four-footed pets; but Jersey mosquitoes accompanied what noise could not, and on her flight check.

"If they take a picture of me," she said, "don't let them show that black eye, will you?"

MAN ARRESTED FOR BIG DIAMOND THEFT

CHICAGO, ILL., July 24.—Jeremiah Kinnane, charged with stealing \$2,000 worth of jewelry from C. D. Peacock & Co's store, was captured yesterday by detectives in Twelfth Street after a dozen shots had been fired at him. Kinnane tried to escape by dodging behind posts of the Southside Elevated Railroad, and bullets fired by the detectives whizzed past windows of cars above. Stickpins, rings and other jewelry, identified by the Peacock firm, were found in his pockets. The detectives say that Kinnane was formerly assistant paying teller in a bank in Detroit, Mich., and that he embezzled \$1,015 for which he served three years in the Jackson (Mich.) prison.

BRYAN STARTS ON TRIP TO CHICAGO

(Continued From First Page.)

good position in the United States Custom House at Cincinnati.

All this may be purely coincidental, but people will talk, you know.

The report that President Roosevelt would make stump speeches for Judge Taft will not down. It was declared from Oyster Bay, apparently authoritatively, that the President did not contemplate making any speeches for Judge Taft. And it was stated with positiveness that he would not do so.

But the fact remains that many Republicans believe and hope Mr. Roosevelt will go on the stump in behalf of his candidate, and many Democrats fear it.

In all probability the truth of the matter is that if Mr. Roosevelt feels at any time during the campaign that the success of Judge Taft is in any degree dependent upon such a course he will trample all precedents and make some speeches in behalf of the Republican candidate. So keep your eye on President Roosevelt.

Should he take the stump it may be regarded as certain that the Republicans are scared. It may be that he will confine himself to writing one or two letters in behalf of Taft and Sherman.

President Roosevelt and Judge Alton B. Parker have been invited to address the workmen of Washington at the great Labor Day celebration at the old Benning race-track September 7th. Neither of the distinguished gentlemen has accepted, nor has either declined at this writing. There is some doubt as to whether Judge Parker would be willing to occupy the same platform with the President at such a meeting. Judge Parker has not forgot and has hardly forgiven Mr. Roosevelt for having given him a charter membership in the Ananias Club in 1904, when Mr. Parker charged that which was afterwards admitted to-wit, that great corporations were contributing stockholders' funds to promote Mr. Roosevelt's election.

Shortly after this another gang of tramps appeared in the vicinity of the Summit tower, and Operators W. J. Kane and John J. Meyers were assaulted by two of the gang. The operators were not seriously injured. The woods near the Summit were searched all night, but no one was discovered. It is not believed that any of the men now in custody was guilty of the murder. Kane leaves a widow and four small children.

WILLIAM BARTELL ARRESTED

Chicago Police Think They Have Noted Thief.

CHICAGO, ILL., July 24.—On suspicion of having committed numerous burglaries in various parts of the United States and Canada, William Bartell, known to the police as a "wire-tapper," is being held while his record is being investigated.

Several pawn tickets found in Bartell's pockets, issued on valuable diamonds, and the prisoner's admission that he at one time lived in Canada, lead the police to believe that he may be implicated in the robbery of jewels valued at \$20,000 from the residence of Judge Riddell, in Toronto, Ont., some months ago. The police are awaiting a description of the stolen property from the Toronto authorities. Bartell was arrested July 18th.

ROOT LEAVES OYSTER BAY

Assistant Secretary Bacon Starts for Washington.

OYSTER BAY, N. Y., July 24.—Secretary of State Elihu Root, who remained overnight at Sagamore Hill discussing affairs of state with President Roosevelt, left here this morning in an automobile for New York, with his assistant, Robert Bacon, who rode over to the hill from his home at Westbury. Mr. Root will take an afternoon train for Clinton, N. Y., and Mr. Bacon will go on to Washington. Among other things, Central American affairs formed part of the matters discussed.

DANIEL AT CLAMBAKE

He and Other Members of Virginia Commission Exits of Aids.

BOSTON, MASS., July 24.—As a respite from their arduous work at Narragansett Pier, Senator John W. Daniel, of Virginia, and his fellow-members of the National Monetary Commission, took a day off and had a rousing jollification as guests of Senator Aldrich on the government boat Dolphin to-day.

A clambake was served on the shore, and the solons returned refreshed for the continuation of their conference. Reports are in preparation for submission to Congress in December.

OYSTER BAY CONFERENCE

President Discusses Important Matters With His Advisers.

OYSTER BAY, N. Y., July 24.—An important conference between the President, Secretary of State Root and Acting Secretary Bacon was held at Sagamore Hill to-day. No official statement as to the conference was given out, but the situation that has arisen between Venezuela and the United States and between Venezuela and the Netherlands undoubtedly was one of the matters which received attention.

The revolt in Honduras and the possibility of Salvador and Guatemala becoming involved in that trouble also is thought to have been taken up by the President and Mr. Root, as the United States is bound by treaty to maintain peace between the Central American republic. Secretary Root will take an afternoon train from New York for Clinton, N. Y. Assistant Secretary Bacon will go to Washington.

STROKE OF PRESIDENT WILL DO TAFT GOOD

Thought That His Direction to Push the Prosecution of Standard Oil May Do Good in the Northwest.

No Question of Guilt, Says President Roosevelt. "There is absolutely no question of the guilt of the defendant or of the exceptionally grave character of the offense. The President would regard it as a grave miscarriage of justice if the defendant escaped the punishment which would have unquestionably been meted out to any weaker defendant who had been guilty of such offense," President Roosevelt.

Judge Grosscup Refuses to Notice Any Comment. "There is no more reason why I should take notice of the comment of Mr. Roosevelt than I would that of any private citizen, for the office that he fills and the office that the judges of the Court of Appeals all are entirely independent, though co-ordinate branches of the government," Judge Peter C. Grosscup.

OYSTER BAY, L. I., July 24.—Politicians to-day observed with interest the political stroke delivered by the President in Judge Taft's behalf in his thoroughly characteristic statement last night on the Standard Oil decision of Judge Grosscup, and two other Federal judges. They noted the confident manner in which the President, with a wave of the hand, brushed aside the decision of the Court of Appeals, substituting therefore his own dictum. They noted, although his statement will be criticized in the East, it will be hailed with approval by the masses in the disputed States, who believe, as the President does, in the thorough inquiry of the Standard Oil Company, no matter what the courts decide, and who will back him up in further crusade against what they consider a monstrous trust.

There was some gossip and speculation among the politicians to-day as to how Judge Taft, himself a former Federal judge and possessor of a great legal mind, will take this side-swipe at the judiciary, but after talking it up one side and down the other, the conclusion was always, "Well, anyhow, the President's statement will result in benefit to the Republican candidate and ticket in the West." That is the "practical politician's" view of it, and this is the hour of practical politics.

It was to discuss the situation that Secretary Root was summoned here yesterday. The President, Secretary Root and Mr. Taft spent three hours to-day going over the matter. The Taft speech of acceptance, which really brought Mr. Taft here, was relegated to second place, and practically the entire time of the President and his Secretary of State and former Secretary of War was given over to the Standard Oil matter.

President Roosevelt will make no comment on the statement of Judge Peter C. Grosscup, of the Court of Appeals, made last night regarding the decision of the United States Court of Appeals. Secretary Loeb made this announcement this morning.

GO IN SPECIAL TRAIN

New York Delegates to Independence League Convention.

NEW YORK, July 24.—The seventy-eight delegates from this city to the Independence party convention at Chicago will travel in a special train over the West Shore, leaving here at 10 o'clock Sunday morning. The train will stop at stations up-State to pick up other delegates, and it is expected that when the special leaves Buffalo there will be at least 125 aboard.

The train will be in charge of Charles E. Gehring, the chairman of the committee on arrangements. William R. Hearst will not go on the delegates' train. If his ship is on time he will reach this city to-morrow morning, and will start at once for Chicago to meet the State leaders, who will be in Chicago Sunday, and to tell them that under no consideration will he consent to be the nominee for President.

Buffalo, N. Y., July 24.—Announcement was made to-day by Chairman James H. Ross that the officers and members of the National Negro Democratic League's general committee and presidents of Democratic League Clubs will meet in Chicago Thursday, August 6th, at the Keystone Hotel to further the plans of the campaign, issue a proclamation to the colored voters of the country, and to name the place and date of holding the quadrennial national convention.

CAUCUS NOMINATES Fifty Wisconsin Democrats Disaffiliated With Convention. MILWAUKEE, WIS., July 24.—The Democratic State Convention adjourned yesterday without making nomination. Candidates who wish to seek nominations at the primaries were urged to place their names in the hands of the State chairman, who will circulate papers among the delegates, and place their names on the ballot.

More than fifty delegates, however, discontented with the primary plan, got together after the adjournment of the convention and agreed to circulate nomination papers for a State ticket, to be led by A. J. Schmitz, of Milwaukee. The ticket agreed on by the caucus follows:

Governor—A. J. Schmitz, Milwaukee. Lieutenant-Governor—Burt Williams, Ashland. Secretary of State—Miles T. Gittings, Monroe. Insurance Commissioner—William Guilleme, Hartford. Treasurer—William F. Pierstorff, Madison. Attorney-General—Evan Evans, Baraboo.

HUGHES WILL ACCEPT Declares That He Will Again Run for Governorship If Party Names Him. SARANAC INN, N. Y., July 24.—Governor Charles E. Hughes will accept a renomination if the Republican party of this State desires him to again be its candidate. In a statement made public to-night, the Governor so declared himself. He says the personal reasons which prompted him to say privately some time ago that he did not desire a renomination are not controlling, "and that if renominated I ought to accept."

The Governor's statement in part follows: "Some time ago I said privately that I did not desire a renomination, and that I felt that I could not undertake to serve a second term. This, however, was for reasons entirely personal. Upon further reflection I am convinced that I have no right to regard these reasons as controlling, and that if renominated I ought to accept."

"Now it is my desire that the will of the party to which I belong should be freely expressed, and that it shall take such action as shall be most closely in accordance with public sentiment. I believe that the people thoroughly understand the principles which I have sought to apply in administration, and if they so desire, I shall re-

Aged Physician Dead

DR. PHILIP A. FITZHUGH.

[Special to The Times-Dispatch.] MACHIPONGO, VA., July 24.—Dr. Philip Aylett Fitzhugh, who recently died at his home, Sylvan Scene, was one of the oldest and most widely known men in this section of the State. He was a son of Philip Fitzhugh and Mrs. Mary Mason Aylett, wife of William Aylett, a prominent citizen of the county. Dr. Fitzhugh was a descendant in the tenth generation of Colonel William Fitzhugh, of Bedford, England, and his maternal grandmother was Elizabeth Aylett, third daughter of Patrick Henry, the distinguished orator and statesman. He leaves an only child, Mary Mason Aylett, who is now a student in the University of Northampton county, Va., where he practiced medicine for forty years, and was a successful and skillful physician and surgeon.

Following the services a special train bearing the funeral party and the casket left Cooperstown for New York at 12:30.

TROOPS ORDERED OUT

Sent to Natalban as Protection Against Further Trouble.

NATALBAN, L.A., July 24.—A company of State troops from Jefferson Parish arrived here to-night as a protection against further outbreaks of racial antagonism between Italians and Americans. The troops were ordered out by Governor Sanders at the request of Sheriff Snel, after the dynamiting of an Italian store here to-day.

George and Tony Lambiasi, accused of the murder of the American youth, Walter Simmons, have not been captured, a fact which has served to keep many members of the American population in a menacing frame of mind. Threats have been made that Italians will not be allowed to return here until the accused are captured.

MEET RAILROAD PRESIDENTS

Committee Representing Shipping Interests Ask Conference.

CHICAGO, ILL., July 24.—Shipping interests of the entire country, represented by a committee, specially appointed at a general conference of shippers held recently in Chicago, decided at a meeting here to-day to ask President of Eastern railroads to meet them to discuss the proposed increase in freight rates.

It was the unanimous opinion of the committee that before beginning a fight against the increase, it would be wise to bring about such a meeting with the railroad officials as possible, with the same time asking them to put no advance in effect until after the conference had been held. W. C. Brown, senior vice-president of the New York Central lines, is said to have expressed willingness to agree to the plans of the shippers.

HARRY THAW TAKEN ILL

POUGHKEEPSIE, N. Y., July 24.—Harry K. Thaw suffered an attack of stomach trouble to-day, which became so serious that Dr. John A. Card, a local practitioner, was summoned; but when he reached the jail he was not permitted to see Thaw at once. Sheriff Card, having directed that the regular jail physician be present during Dr. Card's visit.

Dr. Card waited for the regular physician, and then together they visited the prisoner. Thaw's condition is not such as to cause any alarm.

AD. BRINGS FIFTY MEN

But Publicity Has Frightened Young Women Who Sought Acquaintance.

LAUREL, DEL., July 24.—Becoming alarmed over the publicity given their desire to meet two Laurel young men, the girls who inserted an advertisement last week in a local newspaper failed to appear, and about fifty young men who had assembled at the appointed time were disappointed.

The editor of the paper refuses to give the names of the girls who inserted the "ad." It attracted attention all over the country, and letters of all sorts poured in. One of the best came from Washington, and berated the young men for their lack of attention to the Laurel girls, who, the writer says, are the prettiest on the peninsula.
